## NEPA Client Testimonials

“NEPA Alliance heard our dreams and helped us to not only begin our journey, but continue with us as we grow. We’re thankful to have them as a resource and the opportunities our business needs to provide for our community.”

*Business Finance*

“The best service you provide, in my opinion, is the listing of Grant Opportunities. Our small regional nonprofit has not been able to make inroads with national funders in many years. This changed in May of 2023 when I read about a grant with the Astra Zeneca Foundation in your newsletter. The condensed version of the story is that we applied for two grants and got one. We received our first national pharmaceutical company grant for \$25,000. This grant helps support our mission to serve the low-income and uninsured in NEPA to get screenings for lung, breast, colon and cervical cancer.”

*Federal Grant Assistance*

“Our experience with NEPA APEX has always been a pleasure. The staff is knowledgeable and eager to be of service”

*Government Contracting Assistance*

“This is an excellent resource that has encouraged us to expand more aggressively into foreign markets like the UK. The ability to use the funding for advertising is key since we are a fully e-commerce drive brand with no distributors.”

*International Business Development*
